RACE 1 – THE CASELA WORLD OF ADVENTURES TROPHY

Prior to the start being effected **Klopp** and **Alloy** were fractious in their gates, with **Klopp** sitting down and leaning against the back of its gate. **Klopp** was removed from its stall, examined by the Club's Veterinary Surgeon and passed fit to run.

Kash Is King, **Halabaloo** and **A P Strike** were slow out. **Klopp** jumped awkwardly and shifted out, unbalancing jockey Guyon with the latter's foot coming out his off side stirrup, which he quickly regained. **Klopp** raced wide in the early stages. **Right To Tango** raced wide throughout. **A P Strike** raced wide from the 600 metres. **Halabaloo** could not secure clear running in the early part of the home straight and near the 150 metres was switched to the inside of **Alloy** to obtain clear running. Near the 150 metres, when changing his whip to his right hand, jockey Chaves's (**Right To Tango**) whip got entangled in his rein. Leaving the 100 metres **Blue Jeans** shifted in away from the whip of **Right To Tango** and shied away, it was then contacted on its hindquarter by **Klopp**, which became unbalanced and had to be checked, losing its position. Over the concluding stages **A P Strike** hung in, carrying **Right To Tango** inwards. When questioned, jockey Guyon (**Klopp**) explained that his mount jumped awkwardly, shifted out with him momentarily losing his off side stirrup. He added that he managed to secure a position just behind the leader and, when asked for an effort, it only quickened fairly and had to be checked over the concluding stages.

RACE 2 – THE AIR MAURITIUS A350-900 XWB CUP

Cantering down to the starting stalls, **Final Cup** got its head up, became uncontrollable and bolted, galloping the course. It was inspected the Club's Veterinary Surgeon and declared unfit to race. Acting on veterinary advice, the Stewards ordered the withdrawal of **Final Cup**. In view of this, all bets on **Final Cup** were ordered to be refunded and winning bets with bookmakers were paid less 10 cents per rupee, the average price of **Final Cup** being 8/1.

Tweak The Wind was slow to begin. **Jungle Path** jumped inwards, carrying **Tweak The Wind** onto the heels of **Dark Force**. From their wide draws **Blunderbuss** and **Saracen King** were taken across to race behind runners. From approaching the 150 metres **Arctic Flyer** commenced to shift out with jockey Chaves shifting his whip to his left hand. When questioned, jockey Rama (**Gondwana**) explained that he was instructed to endeavour to keep a position behind the leader. He added that he was also told that **Gondwana**, being a lazy type of horse, he had to niggle the latter to keep him in touch with the leader. He added that from leaving the 400 metres, when asked for an effort, **Gondwana** quickened nicely before tiring badly.

RACE 3 –THE LONGINES WORLD- FEGENTRI MAURITIUS PANDORA CHAMPIONSHIP FOR LADY RIDERS TROPHY

Following the running of the race, the Stewards sounded the inquiry sign and viewed the video replays of the start. It was established that prior to the start being effected, **Lividus** turned its head sideways and got its head stuck on the left side of the stall, with the handler still attending to it when the start was effected. The Stewards, taking into consideration that **Lividus** was not in a position to jump with the rest of the field when the start was effected, decided to declare it a non runner under MTC Rule 144 (1). In view of this, all bets on **Lividus** were

ordered to be refunded and winning bets with bookmakers were paid less 12 cents per rupee, the average price of **Lividus** being 58/10.

When questioned, jockey Boudot (**Wow Holiday**) explained that he was instructed to settle the gelding where it felt comfortable. He added that with the fast pace he found himself racing at the rear of the field and, when asked for an effort approaching the 400 metres, the gelding failed to respond, as such he did not persevere with the latter seeing that it was already far out of its ground.
