### GENERAL

On inquiry, trainer J. M. Henry explained that he had instructed jockey Bheekary (**Daredevil Aviator**) to endeavour to bounce his mount from the start, clear the horses on his inside and settle it behind **Valerin**, which he thought would be the leader in the race. Jockey Bheekary confirmed these instructions and explained that after jumping reasonably well, he urged his mount forward, found himself racing on the outside of **Come On Sonny**, then waited for the latter to be taken to the rail so as to secure a one-off position following **Phoenix Rising**. He added that approaching the 1300 metres, **Daredevil Aviator** commenced to race keenly, with him having to steady his mount to avoid the heels of **Phoenix Rising**. At the same time, **Sir Capers**, which was racing in a three-wide position, improved on the outside of **Phoenix Rising** with a gap creating itself between **Phoenix Rising** and himself. He further added that he was happy of the pace of the race and taking into consideration that for him to bridge that gap he would have had to ask his mount for an effort going uphill, he decided against doing so, resulting in **Sir Capers** gaining the position one-off the rail in front of him. Trainer Henry stated that according to him, jockey Bheekary would have bridged the gap without asking his mount for an effort and added that he should have done so. After consideration, the Stewards decided not to proceed any further.

Stumbled coming off the crossing at the 450 metres. When questioned regarding the poor performance of this gelding, jockey Joorawon explained that leaving the 1000 metres, his mount started to lose interest in the race and approaching the 1000 metres, pinned its ears backwards and attempted to stop. He added that the gelding only picked up pace again when another horse improved on its outside. Jockey Sooful explained that after jumping well, he urged his mount forward to take advantage of his good draw and found himself racing just behind the leader and, when the leader stopped passing the 1000 metres, he had no other option than to go around and lead.
