

RACING STEWARDS REPORT – SATURDAY 15 JULY 2017

RACE 1 – THE ALPHA CUP

The Stewards, in consultation with trainer S. Narang, allowed jockey Khathi to ride **Jack Dempsey** at ½ kg overweight. Jockey Khathi pleaded guilty to a charge under MTC Rule 111 (3) in that he accepted a ride whilst he was overweight. He was fined Rs.10,000.

Jack Dempsey was slow to begin, losing some ground. Shortly after the start **Wing Man** was taken back to race back in the field. The saddle on **Bridegroom Bertie** slipped forward shortly after the start placing the rider in difficulty throughout the race. Near the 1200 metres, when the pace slowed, **Aficionado** shifted away from the heels of **Saarikh**. **Wing Man** shifted outwards passing the 900 metres. Trainer C. Daby was questioned regarding the apparent improved performance of **Aficionado**. Mr. Daby explained that **Aficionado** had shown improvement at track work since its last run on 17 June 2017 and today over 1850 metres and with the small and weak field and a stronger jockey, he expected an improved performance.

Routine urine and blood specimens were taken for analysis from Aficionado after the race.

Jones explained that he had instructed jockey B. Bhaageerothee from its good barrier position to jump well and go forward as, in his opinion, **Rumbullion** has natural gate speed and he wanted to take a forward position. He further explained that this is the racing pattern best suited to the gelding and on past occasions, due to poor barrier draws, he was not able to do this. Mr. Jones explained that wherever possible this would be the racing pattern of **Rumbullion**. The Club's Veterinary Surgeon reported that **All Magic** suffered a bleeding attack

Leaving the 150 metres **Our Jet**, when struck with the whip, lay inwards quickly, making contact with **Moi Power**, unbalancing that gelding which then shifted in and slightly inconvenienced **Maestro's Salute**. On inquiry, the Stewards accepted that jockey Ghunowa (**Our Jet**) had stopped and attempted to straighten his mount when it shifted in quickly near the 150 metres and accordingly proceeded no further with the inquiry. **Nordic Storm** was held up near the 75 metres and shifted out to obtain clear running. Over the final 100 metres **My Boy Willie** and **Jungle Path** raced tightly. The Club's Veterinary Surgeon reported that **Declarator** was not striding out properly after the race and that an endoscopic examination of **Rock On**, which was coughing after the race, revealed traces of blood in its trachea.
