It was established that approaching the 100 metres when attempting a run into a tight gap between **Bridegroom Bertie** and **Lividus**, **Ruby Rocker** brushed the hindquarters of **Lividus**, turning it sideways with **Lividus** then becoming unbalanced and shifting out, contacting **Bridegroom Bertie** on its hindquarter with **Bridegroom Bertie** being turned sideways and shifting in onto **Lividus**, inconveniencing the latter. **Ruby Rocker** was then taken out from behind **Bridegroom Bertie** to secure clear running. Under these circumstances, correct weight was declared on the Judges' semaphored numbers. As jockey Ghunowa was unable to ride at the carded weight of 55 kg, the Stewards approved jockey Sooful as the replacement rider for **King's Salute**. Jockey Ghunowa pleaded guilty to a charge under MTC Rule 111 (3) for accepting a ride whilst being overweight. He was fined Rs.5,000.

He said that after jumping well, he took his mount back, eventually securing a position on the fence in mid-field. He added that **Dark Force** had a tendency to race fiercely in the middle stages, however it relaxed nicely in the back straight and, when asked for an effort leaving the 300 metres, it quickened only fairly being disappointing. When questioned, apprentice Allyhosain (**Night Chapel**) explained that he was instructed to endeavour to lead and if not possible to let the gelding run in its pace in a one off position as at its last start, when this gelding was following horses, it failed to quicken. He further explained after being slow out he had to urge his mount forward to ride as per instructions and, although being able to secure a position behind the leader on the rail, he did not do so in order to ride as per instructions. He added that his mount raced keen in the early stages, relaxed down the back straight and when asked for an effort approaching the 300 metres, failed to quicken, being disappointing.

consideration that **Moonlight Runner** and **Victory Team** had shown pace in their last race, he instructed jockey Chisty to endeavour to jump and secure a position behind these two horses without asking his mount for much of an effort. Jockey Chisty confirmed these instructions and explained that after jumping well, he saw jockey Ségeon on his inside urging his mount forward and decided against urging his mount forward as he was of the opinion that he would be able to clear **Donnie Brasco** passing the 1300 metres as his mount has normal gate speed, however was unable to do so as he had to ease his mount when crowded for room on the inside of **Victory Team**, which had been taken in abruptly. After consideration, the Stewards decided not to proceed further, however told jockey Chisty that his ride had come under notice and that he should ride all his mounts so as to leave no room for query.
