

RACING STEWARDS' REPORT – SATURDAY 23 SEPTEMBER 2017

Board of Racing Stewards: S. de Chalain (Chairman), S. Mahadia, P. Kalleechurn, H. Maigrot, S. Poonisamy.

Weather: Partly Cloudy
Track: Soft 2.9 (Races 1-4) Normal 2.8 (Races 5-8)
Rail position: 3.75m

RACE 1 – THE ANGE CAYEUX CUP

Cantering to the barriers, **Mighty Hash** brushed the outside rail. It was examined by the Club's Veterinary Surgeon and passed fit to race.

Aspara and **Apres Ski** were slow to begin. Shortly after, **Aspara** was inconvenienced by **Sierra Redwood**, which had shifted out on jumping. From its wide draw **My Boy Willie** and **Arctic Flyer** were taken across to race behind runners. **Rock On** jumped awkwardly and shifted out, brushing **Mighty Hash** with jockey Ségeon's having to readjust his foot in his near side stirrup. **Zen Master** raced wide in the early stages. **Mighty Hash** raced wide in the early and middle stages. From leaving the 900 metres **Aspara** and **Rock On** raced in restricted room on the inside of **Mighty Hash**. Apprentice Ramsamy (**Mighty Hash**) was shown the video replays of the incident, severely reprimanded and told that he should at all times allow enough room for horses on his inside. Approaching the 400 metres **Zen Master** was taken out from behind **Apres Ski** and, in doing so, carried **Mighty Hash** wider on the track. **Zen Master** and **Arctic Flyer** raced wide rounding the home turn. Approaching the 200 metres **Mighty Hash** ducked in sharply away from the whip, crowding **Rock On**, which was improving on its inside, and carrying it onto the heels of **My Boy Willie** with **Rock On** having to be checked. Near the 150 metres **Ready For Take Off** shifted out under pressure, resulting in **Aspara**, which was improving behind it, having to be switched to the inside to continue going forward. **Arctic Flyer** hung in over the concluding stages with jockey Goomany switching his whip to his right hand. The Club's Veterinary Surgeon reported that **Rock On** lost its near fore shoe during the run.

Routine urine and blood specimens were taken for analysis from Sierra Redwood after the race.

RACE 2 – THE CONCORDE RED RIBBON TROPHY

Rock Hard, **The Deacon** and **Kentucky Bluegrass** were slow to begin. Shortly after the start, **Rock Hard** was inconvenienced when tight between **League Of Legends** and **Carson City**, which had been carried out by **Bezamod**. **Carson City** raced wide in the early and middle stages. Leaving the 1000 metres **The Deacon** was taken out and allowed to stride forward to secure a position closer to the lead. Approaching the 400 metres **Rock Hard** was taken out to improve its position and raced wide from then onwards. Near the 350 metres **Nadas** was taken out to improve its position and raced wide rounding the home turn. Passing the 200 metres **Dark Liability** was taken to the inside of **League Of Legends** to continue going forward. When questioned, jockey Poullis explained that he was instructed to urge **League Of Legends** forward to endeavour to secure the lead and if in the lead to let his mount run in its pace and make his move leaving the 450 metres as **League Of Legends** is a one pacer. He explained that after jumping fairly he urged his mount forward vigorously so as to ride as per instructions. He added that passing the 1300 metres he found himself racing on the outside of the

leader with jockey Emamdee insisting, as such he elected to sit on its outside and, when jockey Emamdee restrained his mount approaching the 1100 metres, he then allowed **League Of Legends** to stride forward to secure the lead. Trainer Daby concurred and explained that in his opinion **League Of Legends** was just disappointing. The Club's Veterinary Surgeon reported that **The Deacon** was not striding out properly after the race.

Routine urine and blood specimens were taken for analysis from Bezamod after the race.

RACE 3 – THE L'EPICERIE CHALLENGE TROPHY

Street Boy jumped awkwardly and shifted out, brushing the left side of its gate. **Mambo** jumped outwards, bumping **Blunderbuss**, resulting in jockey Joorawon becoming unbalanced. Shortly after the start, when being urged forward, **Ocean Drive South** shifted in, crowding **Cape Horn** onto **Galtero**. Jockey Poullis (**Ocean Drive South**) was shown the video replays of the incident, reprimanded and told that he should straighten his mounts earlier than he did on this occasion. From approaching the 1100 metres **Galtero** commenced to over-race and, when being restrained, threw its head and raced ungenerously for some distance. Approaching the 100 metres **Cape Horn** shifted in under pressure, inconveniencing **Street Boy** passing the 75 metres, with the latter having to steady over one stride. Jockey Arnold (**Cape Horn**) was shown the video replays of the incident, reprimanded and told that in future he should straighten his mounts sooner than he did on this occasion. The bandage on **Galtero** became loose during the run. Trainer Jones was told that he should make sure that bandages are properly fitted on his horses in future.

Routine urine and blood specimens were taken for analysis from Ocean Drive South after the race.

RACE 4 – THE GOURMET EMPORIUM CHALLENGE TROPHY

Rebel's Game was slow to begin. **Maestro's Salute** was slow to begin and shortly after was bumped and taken in by **Gameloft**, which had jumped inwards. Passing the 1000 metres, **After Midnight** had to steady when awkward close to the heels of **In Your Dreams**. **Suzie's Arrow**, which was following, also had to steady. Near the 350 metres **Kurundu** was taken out to improve its position and raced wide rounding the home turn. When questioned with regard to the poor performance of **Suzie's Arrow**, jockey Goomany explained that the gelding had pleased in the lead up to the race and as such was expecting a good run from the latter. He added that when the pace slackened approaching the 1000 metres his mount over-raced slightly but then raced relaxed and when asked for an effort leaving the 400 metres failed to quicken, being disappointing. A subsequent veterinary examination of **Suzie's Arrow** revealed no abnormality. Jockey Goomany (**Suzie's Arrow**) dropped his whip near the 200 metres.

The track was upgraded to 2.8 after the running of this race.

Routine urine and blood specimens were taken for analysis from Kurundu after the race.

RACE 5 – THE "CAVE A VIN BY BACCHANALE" SOUVENIR TROPHY

Promissory jumped outwards, crowding **Forward Drive** onto **Glen Coco**. **Nottinghamshire** and **Sunset Breeze** also jumped outwards. **Strum** was slow to begin and shortly after was inconvenienced close to the heels of **Sunset Breeze**, which had shifted out. **Glen Coco** raced wide in the early stages and approaching the 1200 metres was eased to secure a position one off the fence behind **Forward Drive**. Passing the 1100 metres **Promissory**, which was over-racing, had difficulty in negotiating the turn and shifted out when being restrained, carrying **Glen Coco** wider on the track. **Sunset Breeze**, which was following, was inconvenienced and had to be steadied when awkward close to its heels. **Sunset Breeze** then shifted out, carrying **Glen Coco** wider on the track with the latter having to be eased to secure a position closer to the fence. Following this incident, **Promissory** continued to over-race, proving difficult to control. When questioned, jockey Dillon (**Glen Coco**) explained that leaving the 1100 metres his mount was taken out by **Sunset Breeze**, as such he elected to bring it back in order to cover less ground and from leaving the 600 metres raced tight on the inside of the latter with his mount resenting going forward and faltering on a couple of occasions. He added that seeing that he was further back in the field than expected, leaving the 200 metres he decided to secure an inside run, however as he switched his mount to the inside, **Promissory** also shifted in. He further added that leaving the 100 metres **Nottinghamshire** shifted out under pressure, resulting in him having to bring his mount to the inside of the latter to continue going forward. He also said that **Glen Coco** only quickened fairly and was disappointing.

Routine urine and blood specimens were taken for analysis from Nottinghamshire after the race.

RACE 6 – THE BACCHANALE RACING DAY CHALLENGE CUP

Open Heir and **Sheer Trouble** were slow to begin. Approaching the 1300 metres **Sheer Trouble** had to be eased when crowded for room on the inside of **Memphis Mafia**. Jockey Pengelly (**Memphis Mafia**) was shown the video replays of the incident and told that in future he should make sure that he is clear before shifting ground. **Ole Gunnar** raced wide in the early and middle stages. Leaving the 1365 metres **Belong To Me** shifted in abruptly close to the heels of **Ryder Cup**. When questioned, jockey Bussunt (**Belong To Me**) explained that he realised there was a gap on the inside of **Ryder Cup** and was biding his time before taking it in as **Ryder Cup** was not fully clear. He added that his mount shifted in abruptly, surprising him. Jockey Bussunt was severely reprimanded and told that he should exercise care at all times. From leaving the 1300 metres **Belong To Me** commenced to over-race and was awkward close to the heels of **Ryder Cup** for some distance. **Ole Gunnar** hung out from leaving the 450 metres. The Club's Veterinary Surgeon reported that **Everest** was lame on the near fore leg.

Routine urine and blood specimens were taken for analysis from Pierneef after the race.

RACE 7 – THE MALAYAN RACING ASSOCIATION CHALLENGE TROPHY

Line Of Sight threw its head and was slow out. Shortly after the start **Prince George**, when being urged forward, shifted out and brushed the hindquarters of **Apple Jack** with the latter becoming unbalanced, being turned sideways and shifting in. At the same time, when being urged forward, **Chosen Path** carried **In The Trenches** outwards onto **Prince George**, with **Prince George** becoming cramped for galloping room and having to be checked. Passing the 1200 metres **Golden Ball** was eased to secure a position on the fence behind **Chosen Path**. **Apple Jack**, which was following, had to be eased when awkward close to its heels. Near the 350 metres **In The Trenches** was taken out from behind **Golden Ball** to improve its position and, in doing so, carried **All Magic** wider on the track. Leaving the 250 metres **Apple Jack** shifted in under pressure, resulting in **Golden Ball**, which was following, being disappointed for a run between **Chosen Path** and **Apple Jack** and being switched to the inside of **Chosen Path** to continue going forward. Over the concluding stages **Chosen Path** shifted out under pressure. Apprentice Ramsamy (**Golden Ball**) dropped his whip near the finish. The Club's Veterinary Surgeon reported that **Apple Jack** lost its off fore shoe during the run.

Routine urine and blood specimens were taken for analysis from Chosen Path and Redwood Valley after the race.

RACE 8 – THE LABOURDONNAIS CUP

My Man Alex, **Sea Pass** and **Max The Man** were slow to begin. Shortly after the start **My Man Alex** and **Max The Man** were taken across to race behind runners. From approaching the 700 metres **Mojo G** was taken out from behind **Noordhoek Ice** and carried **Halabaloo** wider on the track, with **Halabaloo** racing wide from then onwards. Jockey Hoolash (**Mojo G**) was shown the video replays of this incident and advised to show care at all times. **Newsman** was taken out passing the 450 metres and raced wide from then onwards. Leaving the 200 metres **Sea Pass** was taken to the inside of **Captain's Orders** to secure clear running. When questioned, jockey Khathi explained that when discussing the race with his trainer, it was agreed that if **Halabaloo** jumped better than the two horses drawn on its inside he was to secure the position on the rail in front of them, however he was at no time to urge his mount forward as **Halabaloo** has never raced well when urged forward at the start. He added that after jumping well he managed to clear **Newsman**, however, seeing that jockey Dillon was insisting on **Sea Pass** to keep his position, he decided to stay in the one off position as he would have had to use his mount to place it in front of **Sea Pass**. Trainer Narang concurred and explained that, in his opinion, jockey Khathi did the right thing in not insisting in the early stages. The Club's Veterinary Surgeon reported that **Mojo G** was not striding out properly after the race.

Routine urine and blood specimens were taken for analysis from Without A Doubt after the race.

GENERAL

Blood specimens were taken from all runners prior to the race.
